

Southern Academy Trust Records Retention Schedule

The Trust recognises that by efficiently managing its records, it will be able to comply with its legal and regulatory obligations and to contribute to the effective overall management of the organisation. Records provide evidence for protecting the legal rights and interests of the Trust, and provide evidence for demonstrating performance and accountability. This document provides the framework through which this effective management can be achieved and audited.

It covers:

- Scope
- Responsibilities
- Relationships with existing policies

This schedule applies to all records created, received or maintained by staff of the Trust in the course of carrying out its functions.

Records are defined as all those documents which facilitate the business carried out by the Trust and which are thereafter retained (for a set period) to provide evidence of its transactions or activities. These records may be created, received or maintained in hard copy or electronically.

A small percentage of the Trust's records will be selected for permanent preservation as part of the organisation's archives and for historical research. This should be done in liaison with the County Archives Service.

Responsibilities

The Trust has a corporate responsibility to maintain its records and record keeping systems in accordance with the regulatory environment. The person with overall responsibility for this is the CEO. The CEO will delegate specific areas of records management to specific staff e.g. IT Manager, HR Manager, MIS Manager, Finance Manager, School Administrator etc.

The person responsible for each area of records management in the Trust will give guidance for good records management practice and will promote compliance with this document so that information will be retrieved easily, appropriately and in a timely way. They will also monitor compliance with this document by surveying at least annually to check if records are stored securely and can be accessed appropriately.

Individual staff and employees must ensure that records for which they are responsible are accurate, and are maintained and disposed of in accordance with the Trust's records retention schedule.

Relationship with existing policies

This document has been drawn up within the context of:

- Data Protection policy
- Freedom of Information policy
- and with other legislation or regulations (including audit, equal opportunities and ethics) affecting the Trust.
